

Supply List for Decorative Soldering

Description:

Learn the decorator's secrets for enhancing almost any stained glass project. In this class you will learn different techniques on how to add bumps, stripes and swirls to your solder to make your projects even more beautiful. Find out how metal accents can be a focal point in your panels, a clasp on your box, or just jazz up an ornament.

Students will leave with the working knowledge of decorative soldering applications. Students should have supplies purchased before class starts and arrive on time.

Materials Needed	Qty	Our Item Number
▫ Soldering Iron	1	5170-100
